

# PACIFIC *Star* WINERY

4th Quarter Wine Club 2009

*Dear Friends: We've made a tradition of sending the two Coro vintages in the fall shipment – these wines represent a huge commitment to the program's goals while being fun to make. As you know, we love blends here – this is truly the most creative aspect of winemaking. Thank you for trusting us to do our best. Only 122 cases of the '06 were made, so we haven't poured it in the tasting rooms yet – enjoy them at the same time if you can.*

*Notes from the edge: Dad turned 87 with chocolate cake & champagne - and is peaceful and pain-free. His sweet smile prevails through the trials of aging. Harvest came and went gracefully – everything worked perfectly and I'm calling it the BEST ever! The fall sunsets are glorious, the waves are mind-boggling, the grass is green and I am grateful. Thank you for being with us and please come here as soon as you can, and until then, enjoy life with wine. Cheers, Sally*

### ITS MY FAULT

Discovered in 2006, our fault is a source of fascination for visitors. We often hear “Aren’t you worried?” or “Isn’t it scary?” We always tell them that the building moves so much from wave action in and out of the caves, that we probably wouldn’t even realize a quake was happening! If geology is a passion for you, talk to Robert in the FB Tasting Room – he stays in touch with the latest news and can answer any questions.

IMF was made to draw attention to our geologic wonder – and to offer another value to our customers – handcrafted table wine at a price that encourages occasional wine drinkers to toss the soda and have a glass of healthful, food enhancing wine with meals. The blend is friendly too – Syrah based, it’s exact varietal components can change with each successive bottling. You can count on us to make a table wine that’s ready to drink now. IMF is THE BEST holiday gift too – let us send it directly to your friends and family – just call 707-962-WINE to place your order painlessly.

### CORO MENDOCINO ...the last of the 2005 & our new release 2006

Eight years ago a few winemakers lamented the fact that Mendocino county has over 300 independent growers who produce an abundance of fine quality grapes – yet the region has fallen behind in distribution, media attention and recognition. The Challenge: Does anybody remember “Napa, Sonoma & Mendocino” the tag line of the 60’s? How can we put Mendocino back on the map?

CORO took shape by inviting any winery willing to work within a specific set of guidelines to make a high-level blend based upon 40 to 70% Zinfandel (our most plentiful grape) and the option to include any of 9 other varietals. All grapes must come from the county, minimum barrel age 1 year and in bottle 1 year, participation in 3 preliminary group tastings and passed by final Selection Panel before bottling in uniform packaging.

We threw our ante in and joined the pioneering group at inception. Our first vintage, the 2001, was a huge hit and the successive vintages have proven to hold up beautifully over the years. Availability has always been difficult – the group’s entire production has hovered around 1,200 cases and – Coro now has 11 wineries participating. Challenging, cooperative, and collaborative, the project has proven beyond a doubt that Mendocino deserves recognition as a premium growing region! Have a holiday party and enjoy these two vintages together - thank you for your interest in fine blends.
